

Postponement the 5th APA Conference

Dear All,

The 5th Asian Population Association Conference scheduled on 24-27 November, 2020 in Yogyakarta, Indonesia has been postponed to later dates in 2021. With the spread of COVID-19 pandemic, we are in an unprecedented situation and are forced to make a tough decision. The evolving situation poses enormous challenges for the APA and the National Organization Committee (NOC) in Indonesia to ensure health and well-being, administration, logistics, and funding of the event. We feel compelled to make this very difficult decision.

We look forward to reconvening the conference in 2021 and will keep you posted on a future date. We will continue with the review of abstracts, though the results might take longer to announce than originally scheduled. We would like to thank each of you for your patience, understanding, and support during this challenging time.

Yours sincerely,

A handwritten signature in cursive script, appearing to read 'Aris Ananta'.
